

# Indispensable

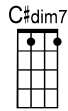

When I was young

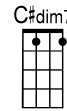

When I'm on the job

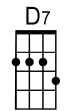

Success was undeniable

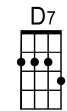

I'm highly indispensable

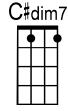

All I could see

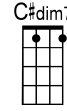

Billy and Bob

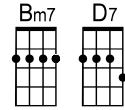

Was possibilities

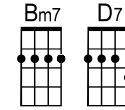

Depend on me

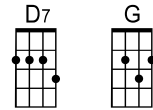

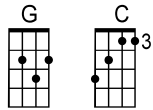

Along the way

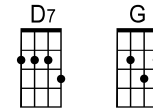

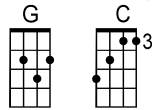

When I'm at home

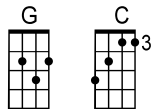

Life's twists and turns and tables

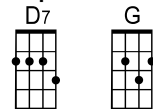

Life is so predictable

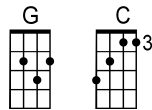

All I see

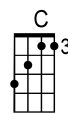

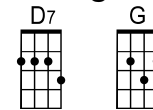

is possibility

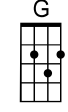

I'd never known

How good it can be

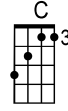

When I'm alone I find it irresponsible

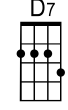

Chorus

Not to take care of myself

When I'm alone I find it near impossible

Not to think of anyone else
