

# Thinkin' About Drinkin'

I've been thinking

about drinking

but it really wouldn't matter anyway

I'll be sober

When it's over

and there isn't any more that I can say

## CHORUS

liquor isn't quicker

coming to the answer we both know

you just ponder

a little longer

getting up the nerve to up and go

- 2 I've been thinking  
about drinking  
but I know it wouldn't change a  
thing  
When I woke up  
We'd still be broke up  
And no one knows what tomorrow  
brings
- 3 I've been thinking  
about drinking  
but I know it could never be the  
same  
When I open my eyes  
I'll realize  
What is done and how things have  
changed
